

I am writing to inform you of how important radio stations like KLOVE and AIR1 are to me and my family. It is a positive influence for us and many in the community. If it were to be replaced by a LPFM broadcaster we may lose that influence. There are not many stations that can have such a positive effect on the young people in our communities and I believe it would prove a great loss to remove them. Please consider the many listeners that would be adversely affected by implementing this service. Thank you for allowing me to share my comments.....Steve Marshall
